

## A Live Post

**Boy the way Glen Miller played**, songs that made the hit parade. Guys like us we had it made, [those were the days](#). And you knew who you were then, girls were girls and men were men. Mister, we could use a man like [Herbert Hoover](#) again. Didn't need no [welfare state](#), everybody pulled his weight. Gee our old LaSalle ran great. Those were the days.

I am Adam, Prince of Eternia, Defender of the Secrets of Castle Greyskull. This is Kringer, my fearless friend

Fabulous, secret powers were revealed to me the day I held aloft my magic sword and said: „[By the Power of Greyskull!](#)“ I have the power! Kringer became the mighty BattleCat and I became He-man, the most powerful man in the Universe! Only three others share this secret... Our friends the Sorceress, Man-at-Arms, and Orko. Together we defend Castle Greyskull from the evil forces of Skeletor. He-man!

Look for the Union Label when you are buying a coat, dress, or blouse. Remember, somewhere our union's sewing, our wages going to feed the kids, and run the house. We work hard, but who's complaining. [Thanks to the I.L.G.](#) we're paying our way. So always look for the Union Label. It means we're able to make it in the U.S.A.!

There once was a story about a man who could turn invisible. I thought it was only a story... until it happened to me. Ok, so here's how it works.

They arrived in fifty mother ships, offering their friendship and advance technology to Earth. Skeptical of the visitors, [Mike Donovan](#) and Juliet Parrish infiltrated their ranks and soon discovered some startling secrets. The resistance is all that stands between us... and the visitors.

When my get-up-and-go has got up and went, I hanker for a hunk o' cheese! When I'm dancin' a hoedown and my boots kinda slow down, or anytime I'm weak in the knees... I hanker for a hunk of, a slab or slice or chunk of, a snack a day's a winner and yet won't spoil my dinner! I hanker for a hunk o' cheese! Ya-hoo!

There's this stuff called [Quicksilver](#) that can bend light. Some scientist made it into a synthetic gland, and that's where I came in. See, I was facing life in prison and they were looking for a human experiment. So, we made a deal. They put the gland in my brain; I walk free. The operation was a success... but that's where everything started to go wrong.

Man lives in the sunlit world of what he believes to be reality. But, there is, unseen by most, an underworld, a place that is just as real, but not as brightly lit... a darkside. The darkside is always there, waiting for us to enter, waiting to enter us. So until next time, try to [enjoy the daylight](#).

My name is [Victoria Winters](#). My journey is beginning – a journey that I hope will open the doors of life and link my past with my future. A journey that will bring me to a dark place to the edge of the sea high atop Widow's Hill; and a house called [Collinwood](#). A world never known, with people I've never met. People who, tonight, are still only shadows in my mind but who will soon fill the days and nights of my tomorrow...
